Your acceptance as a member of the committee(s) is contingent upon maintaining proper balance of the various categories of interest. Please check one category which most accurately describes your area of interest:

- C-1 Producer: Those who are predominantly involved with the production (manufacturing goods) of products, materials, or services. This category typically includes manufacturers, trade associations (groups representing manufacturers directly associated with the manufacture of the products covered by the candidate standard), etc.
- C-2 User: Those who are predominantly interested in the use of the product, materials, or services. This category usually includes consumers, customers of product producers, distributors, retailers, etc. and may include regulatory agencies, safety associations, certification agencies, and similar organizations.
- C-3 General Interest: Those who are not associated with production, distribution, or direct use, of products, materials, or services. This category typically includes professional and lay people employed by academic and scientific institutions, experts, government agencies, insurance companies, utilities, etc. Regulatory agencies, safety associations, certification agencies, and similar organizations may feel they belong in this category as opposed to the user category, as well.
